Independent Auditor's Report on Review of Interim Financial Information

To the Shareholders of ARIP Public Company Limited

I have reviewed the accompanying statement of financial position of ARIP Public Company Limited as at 30 September 2022, the related statements of comprehensive income for the three-month and nine-month periods then ended, and the related statements of changes in shareholders' equity, and cash flows for the nine-month period then ended, as well as the condensed notes to the interim financial statements (collectively "interim financial information"). Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34 *Interim Financial Reporting*. My responsibility is to express a conclusion on this interim financial information based on my review.

Scope of Review

I conducted my review in accordance with Thai Standard on Review Engagements 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34 *Interim Financial Reporting*.

ARIP Public Company Limited

Notes to interim financial statements

For the three-month and nine-month periods ended 30 September 2022

1. General information

1.1 Corporate information

ARIP Public Company Limited ("the Company") is a public company incorporated and domiciled in Thailand. The Company is principally engaged in the management of events and marketing activities, the production of e-books, advertisements and all content in digital media, the production and distribution of IT-related publications, and the placement of advertisements. The registered office of the Company is at 99/16-20 Ratchadapisek Road, Din Daeng, Bangkok.

1.2 Basis for the preparation of interim financial statements

These interim financial statements are prepared in accordance with Thai Accounting Standard No. 34 Interim Financial Reporting, with the Company choosing to present condensed interim financial statements. However, the Company has presented the statements of financial position, comprehensive income, changes in shareholders' equity, and cash flows in the same format as that used for the annual financial statements.

The interim financial statements are intended to provide information additional to that included in the latest annual financial statements. Accordingly, they focus on new activities, events and circumstances so as not to duplicate information previously reported. These interim financial statements should therefore be read in conjunction with the latest annual financial statements.

The interim financial statements in Thai language are the official statutory financial statements of the Company. The interim financial statements in English language have been translated from the Thai language financial statements.

1.3 Significant accounting policies

The interim financial statements are prepared by using the same accounting policies and methods of computation as were used for the financial statements for the year ended 31 December 2021.

The revised financial reporting standards which are effective for fiscal years beginning on or after 1 January 2022, do not have any significant impact on the Company's financial statements.
