

Corporate Social Responsibility (CSR)

Corporate Social Responsibility – Employees

Promote Employees' Health Program:

Provided our employee with the annual health check-up and also their family for special price.

Promote Safety in the Workplace Program:

Managed workplace risks by arranging firefighting scenario and evacuation fire drill training continuously, recognizing in the safety of working place and various infrastructure systems with various safety equipment support so that all employees can work safely and healthy.

Activities that promote unity and the Thai culture

- New Year Party: New Year's Day event was held for Thai culture activities, by organizing a staff party and receive a blessing from the senior management and executives.
- Annual Meeting: The Company annual meeting is arranged as a chance for employee that they can meet to exchange ideas, summarized and evaluated the year's work. In the event, we also prepare the action plan for the following year to be consistent in the same direction as the Company policy. In addition, there are also prizes distributions on to employees for their morals.

Corporate Social Responsibility – Environment

Energy saving program:

- Reducing paper consumption by sending document in electronic format to lower paper usage which can create national saving, and also reduce global warming effect.

• Waste Sorting: Separating the different elements found in waste streams is essential for enabling the recovery of useful materials, minimizing the amount of material sent to landfill and allowing recyclable materials to find a new incarnation. By using or disposable paper to a more environmentally friendly way. Paper and book recycling can reduce waste paper and deposit cost, and also cure country's environment.

- Ensure all purchased office equipment is Energy Star compliant, an international standard for energy efficient electronic equipment.

• Employee morale might heighten, as they feel they're doing their bit for the environment. By promoting saving electricity behavior. For example, turning off all lights after use. Taking the stairs instead of the elevator.
